

SAMSUNG Chromebook Plus

Up for anything. Anytime.

Get more done anywhere, anytime, without searching for Wi-Fi—the lightweight 2-in-1 Chromebook Plus (V2) comes with built-in LTE. Stay on top of your projects with the included pen, dual camera, and full Google experience right at your fingertips. And cross more off your list without slowing down with a powerful battery and Intel® processor.

From laptop to tablet to sketchbook and more

At just over 3 pounds, the Chromebook Plus is incredibly lightweight. You can easily fold it into tablet mode for comfortable viewing and browsing.

Always connected

Access the cloud and Google Apps anytime, anywhere. Instantly upload photos and videos to social media, or chat with loved ones via Hangouts.

The power of the pen

Experience the power of the incredibly precise built-in pen that never needs charging. It's always ready to write, sketch, edit, magnify and even take screenshots.

Two cameras, unlimited views

Fold your laptop into tablet mode to capture clear shots and even zoom in for a closer look with the revolutionary 13MP world-facing camera with autofocus. Or video chat with classmates and clients with the front camera.

Get the most out of Google

Create, explore and browse on a bigger screen with the tools you use every day—all on the secure Chrome OS. Plus, easily download your favorite movies and games from Google Play.

Do more. Store more.

Tackle anything with a long-lasting battery and Intel® Celeron® processor. Store more with 32GB of built-in memory and add more with a microSD card.¹
