 SmartThings Tracker

## Broaden your range with LTE

The LTE-based SmartThings Tracker sends you minute-by-minute live location updates within the range of a cellular network.<sup>1</sup>

## Keep tabs. Keep calm.

Real-time location and SOS alerts from your children are delivered to you right on your SmartThings App.

## The power to track, rain or shine

Track more and worry less with the IP68 water-resistance rating<sup>2</sup> plus several day's worth of battery life<sup>3</sup> on a single charge.

## More than tracking

Create zones that will automatically alert you if a child leaves unexpectedly, set connected devices to turn on and off as people come and go, and much more.<sup>4</sup>
